About me

I am a student who has been learning web technology since I was studying in high school. I often develop a useful web application and then, I will send it to my friends to check it out so they can give some improvement suggestions for me to make it better. so now I have self-confident that I can do many things about web development but, if there are some things which I can't do I will try to learn it because I believe that the successfulness is the result of trying.

Education

2008 - 2014	Maesariang Boripat Suksa School, Maehongson
